

COVID-19 EVICTION AVOIDANCE PLAN

9/23/21

The U.S. Supreme Court's recent decision to end the CDC's eviction moratorium means delinquent tenants no longer have federal protection from eviction. However, MHA has chosen not to pursue evictions due to unpaid rent at this time. To remain housed delinquent families must:

- (1) meet with their property managers no later than October 15th;
- (2) complete an interim and/or a repayment agreement; and
- (3) contact Resident Services Advisor Melanie Thompson at 251.301.0794 or mthompson@mobilehousing.org to apply for Emergency Rental Assistance Program (ERAP) funds.

MHA's Board of Commissioners and staff are doing everything possible to help prevent evictions. We need your help to keep everyone housed during the difficult time.
